Trust Seal

The FREE '**ScamAdviser Trust Seal**' shows the world that your website has passed through our verification process to confirm it is a safe site to do business with. Our seal improves sales and conversions by boosting consumer confidence and establishing trust.

Is the Website from a 'Trust Approved Business' ?

Valid concerns about fraud and identity theft have made users more hesitant to share personal information online. Independent third party research proves that without a Trust Seal you are losing out on sales.

Display the ScamAdviser Trusted Site Seal and consumers the confidence to use your site. The seal can be placed on any or all pages within a domain that has been verified independently by our experts.
